Safety Space

When using LTS with other logos and graphic elements, maintain safety space that equals 150% of the border around the logo.

Usage Guidelines

LTS logo includes, but not limited to the name, icon, logo, and slogan “Video Solutions for Security Professionals”. Do not modify the marks or use them in any confusing way, including suggesting sponsorship or endorsement LTS, or any way it may confuse LTS with any other brands.

Don't:

- Use speech bubbles or words around the icon
- Rotate or change direction of the icon or logo
- Add special effects to the logo (no shadow, 3D...)
- Change the color of the logo, icon, or the slogan
- Use an older version of LTS brand logo

Colors

If using any colored background, it must be solid color (no multi-color background can be used with overlay of logo), use white logo (example below) in solid color backgrounds.
